

Certificate in Psychology and Counselling

Foundation Psychology

How do people differ from one another? To what extent is your current behaviour shaped by your childhood development? How does motivation play a part in reaching goals? This module introduces the field of psychology as a scientific discipline concerned with the study of thought and human behaviour.

Introduction to Psychotherapy and Counselling

This module introduces the fundamental theories of psychotherapy, including psychoanalytic theories of Freud, the humanistic approach of Carl Rogers, and Choice Theory / Reality Therapy. Learners will also learn the fundamental skills of a therapist, and how to apply psychotherapy and counselling to help clients in areas of development and to overcome their challenges.

Entry Requirements

- A pass (C6) in 1 GCE 'O' Level subject conducted in English, or
